Declaration

California Proposition 65 (Safe Drinking Water and Toxic Enforcement Act)

The California Safe Drinking Water and Toxic Enforcement Act of 1986 (known as California Proposition 65 or “Prop 65”) obliges companies who make or sell products in the State of California to abide by the following:

- To provide a clear and reasonable warning before knowingly and intentionally exposing anyone to chemicals that are known to the State to cause cancer or birth defects or other reproductive harm.
- To prohibit knowingly discharging or releasing a chemical on the Prop 65 List such that it is likely to, or will, enter any California drinking water source.

Prop 65 requires the State of California to maintain and update a list of chemicals known by the State to cause cancer or reproductive toxicity (“Prop 65 List”).

Jayplas products do not contain chemicals on the Prop 65 List. Hence Jayplas products are not required to include warning related to Prop 65.

J and A Young (Leicester) Ltd trading as Jayplas’s products comply with all the relevant EU regulations, such as REACH, RoHS, and POP.
